

# Peer Mediation Classroom Outline

1. **Introduce yourselves**
2. **Explain what peer mediation is** – A way for students that are having a problem to work out the problem by themselves. The mediators are there to help show how each person should talk to one another and also help them to come to a solution to the problem. Instead of receiving punishment or a timeout, peer mediation allows you to talk to the other person and leave feeling better about everything.
3. **Go over the process of mediation** – Use the script.
4. **Do a roleplay** with each other of your choosing. Use something that would probably happen in that grade.
5. **Answer questions**
